www.barheartangus.com

We would like to welcome you to our 2nd annual All Our Hearts Sale. We have had many changes this past year. Starting with a success in hosting our 1st annual bull sale. We met so many wonderful new clients and friends who made our sale a success and that we hope to see again this year.

This past summer Ronnie and Georgina sold their place south of Rimbey and moved closer to Chris and Kim a Bluffton. With our expanding cattle adventure Ronnie and Georgina were outgrowing the land space they had south of Rimbey. With Moving up to Bluffton not only did we increase in space we made it possible to be a more united operation, with only a few short miles away from each other it makes it easier to plan and do our everyday operations.

Chris and Kim also stepped into exciting venture of purchasing 40 purebred black angus cows from Bill Abbott's Zaniabar herd. We admire and appreciate the hard work and the amazing Canadian influenced genetics that Bill has worked so many years in producing. We feel very fortunate to be able to carry on creating great angus cows with such a strong foundation herd that Bill has created. We feel we have awfully big shoes to fill in order to follow in Bill's footsteps but we are up for the challenge.

Bar Heart Angus is also celebrating it's 60th year of being in the Angus business. We are so proud of this accomplishment and are very proud to say that in these 60 years we are now working on the 5th generation of cattle producers. Dallis and Bristol are a part of the 5th generation and Dallis has her first heifer calf on offer in the sale this year (although under the J Heart name) she intends to put away her cattle sale funds for her future education. The Bar Heart and J Heart Program is constantly building to be better all the time, we strive for strong pedigrees but at the end of the day no matter what the pedigree says we are ultimately after "good functional cattle." We are building a program with some major points that are extremely important to us. Fertility is a important point for us. We require a cow to come back year after year raising a good calf and maintain herself enough to be in calf again. Our bulls are also required to have the ability to get out and breed cows in a functioning manner to help increase pregnancy rates.

Production is another Key point for us. Our cows have to go out and work, they have to bring in big calves and put the pounds on them, we also keep this in mind when selecting bulls because we know the cow can't do it all.

Carcassing is another Big point for us. At the end of the day most of the bulls we produce go to commercial breeders who's calves go to the auction mart. We keep this in mind and know that you are watching your bottom line, therefore we are doing our part in selecting genetics that will give you those calves with carcassing capability's to bring in more money for you at the end of the year when you take your calves to market.

The last point for us and is certainly not least important, is calving ease. We are striving to produce bulls and females that will give you no muss or fuss at calving time. We feel that if we put these four key points together you should have a less labor intensive calving season, less input before taking your calves to market, higher weights at market time and higher pregnancy rates. Our program requires animals that have all of these qualities in order to stay in the herd.

We have also DNA'd all the cow's, bulls and calves in our operation. We have done this for buyer's convenience. Knowing what you are buying is big deal to us and we are trying to do everything possible to have as much accurate information for our customers as possible.

With a new calving season upon us and a new year just beginning we are excited to see what this year is going to bring us. We are proud of the animals we have on offer in our sale and hope you can all come out and see for yourself the hard work that Bar Heart and J Heart Angus is putting into producing quality Angus cattle.

Please feel free to view the cattle on offer on and before sale day. You can also check us out or view our catalogue on our webpage barheartangus.com. If you have any questions please don't hesitate to call us or any of the sales staff.

Join us for lunch and some good hospitality; we hope to see you all on sale days!

*Ronnie & Georgina Smith
Chris, Kim, Dallis & Bristol Sailer*

2ND ANNUAL

BAR HEART ANGUS & J HEART RED ANGUS

Don Atkinson, CAA Past President

Delivery Options:

1) Delivery will be made to purchasers in central regions in Western Canada, at the convenience of Bar Heart/J Heart Angus, and buyer's risk. Any bulls going to Eastern Canada or other areas Bar Heart/ J Heart Angus will arrange trucking at cost.

2) Bulls can be left free of charge until April 1, 2014. Cattle are then asked to be picked up by the purchaser, and Bar Heart/J Heart Angus asks that all bulls left, be insured.

3) \$50.00 discount on any bull picked up on sale day.

4) U.S. Shipments - Bar Heart and J Heart Angus will do all health testing, and export paperwork required for shipment. We will assist in arrangement for cattle to border points only. All costs over 500 km are buyers responsibility.

Health:

All animals have been under a full herd health program, under the guidance of the Rimbey & Bluffton Vet Services

Terms of Sale:

Cash or cheque at par, payable to the clerks of the sale on sale day, unless other arrangements have been made with Bar Heart/J Heart Angus. No release of cattle will be given until satisfactory settlement has been made. All cattle are buyer's responsibility after purchase. Announcements from the block on sale day take precedence over all material printed in this catalogue.

Accidents & Liability:

Every precaution will be exercised to protect the safety and comfort of those attending the sale. All Persons who attend the sale do so at their own risk, and the owners, sale management, and sale staffs assume no liability, legal or otherwise for property loss or any accidents that may occur.

Breeders Guarantee:

All cattle sell with the responsible Breeder's Guarantee of Satisfaction. All bulls and yearling heifers are guaranteed breeders. The seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in this sale. All animals sell under the Terms & Conditions set forth by the Canadian Angus Association.

Sight Unseen Purchase Plan:

Simplify the selection process by giving us a call. You know what you want in your breeding animals, we know the potential of the bulls and females selling and will be able to satisfy your specific needs. The sooner you contact us, the better we will be able to match your expectations. Ronnie or any of sales representatives will make the purchase as if buying for themselves. 5% discount if someone buys 5 or more bulls.

DIRECTIONS TO FARM

Head North of Rimbey on Hwy 20.
Turn East on Secondary Hwy 611.
Head East for 6KM, our farm is on the
South side of the road. The farm is
located between Range Road 30
and Range Road 25. See pg 20 for map.

Bar Heart Duke 7X is a home raised bull that we used on heifers. His sire is renowned for calving ease, carcassing, and maternal ability. We really like how 7x's offspring turned out so we used him on part of the cow herd as well. We are extremely pleased with the production we have received out of this bull. We are pleased to have more of his sons and daughters on offer for you this year, knowing the potential they have.

We cannot say enough about the purchase of Spartan. He has completely surpassed all our expectations. His sons are powerful with great muscling, frame, and scrotal development. What else can a producer ask for??? His daughters are equally as impressive. His massive body, soundness, and gentle disposition will impress you. He is an excellent breeder and has the ability to cover a large number of cows and still maintain his condition, which he is surely passing along to his sons.

ONLINE BIDDING

Vold Jones Vold is proud to offer live real time bidding for all of our up coming bull sales. Since VJV teamed up with Online Ringman they have take the auction business to another level, Real Time, live video & audio available at anyone's fingertips. All you need to do is pre register prior to sale day, log in & bid away.

To register visit our website www.vjvaction.com and click the tab "Bull Sale". For any questions concerning online bidding give Craig a call 403-783-1453

We are extremely proud to put this bull on offer this year. He is the half-brother to the high selling bull that was sold to Washington at last year's sale. His mother is an exceptionally phenomenal cow that pours everything into her calves while still maintaining herself. She consistently brings in our top calves every year as you can see with this guy. 326A has a lot of natural thickness and is going to pour that into his calves, he is going to be a major asset in anyone's herd.

We are proud to put this bull on offer this year, his pedigree speaks for itself. This bull is full of thickness, stride, and eye appeal and has that deep cherry red coloring. He is going to add a ton of production to his calves. His mother is a fantastic milker and brings in a great calf every year. This bull is going to do nothing but impress!

This AI sire has given us great results. We have kept his daughters in our herd for their maternal ability, soundness, and fleshiness. We have sold several sons out of this bull and our customers come back and tell us they love the calving ease and production that's these bull calves have. Which are just a few of the reasons that these bull calves sell so well.

We were looking for a bull to add that nice deep cherry red coloring and more production to our red herd. We think this bull definitely adds those qualities. The gains we have seen from his bull calves have exceeded our expectations. We know if you are looking to add pounds to your calves this bull's offspring is going to get the job done for you.

Dallis is pleased to present her heifer's first calf. This female has frame, length, and a great disposition. Dallis intends to use the proceeds from her heifer to go towards her future education. (Who knows maybe she will become the vet in the family.)
