BARRY ROUND
& FAMILY

MARGE ROUND

JAVIER MORENO OLALDE "CHINO"
HIRED MAN

Once again KBJ Round Farms present to you their 18th Annual Bull Sale. This year we are offering 71 Angus yearling bulls all from the top of our pen. The numbers are down a bit but the quality of the entire group has increased. This is without a doubt the strongest set of bulls we have ever produced at KBJ from top to bottom. Rob was just here and also mentioned this to me and he should know if anyone.

KBJ Round Farms consists of 2 families with Jim & Rita and Barry & Dete. The family has increased in numbers over the years and we are a close family and spend every minute we can with all of the grandchildren and of course are own children. One more family member has been a mainstay here, Marge Round of Dream Makers Angus. She continues to be a very important team member for this sale.

This year's bull offering has a lot of different sires from last year to enhance our product to our commercial herds. WAF Zorzal 321U and Fluery Bardolene 17Y on the black side and what a set of bulls they have produced for us. On the Red Angus side we obtained to bulls from U2 Ranch, Limitless 298Y and Maui Built 38Y and they have fit right into our program and have developed top end bulls for the purebred cattleman.

New this year, we have decided to go to a VIDEO Sale and also have videoed all the bulls and can be viewed before coming sale day at www.cattlevids.ca. All bulls will still be displayed by the sale barn for your viewing pleasure but will not be entering the ring.

If we can be of any assistance in your purchasing needs, please feel free to get a hold of us or any member of the sales staff or Rob Holowaychuk as he has seen and knows every bull here.

Hope to see you March 17th or earlier!

KBJ Round Bull Nutrition 2014

KBJ Round Farms has focused on raising quality bulls for a lifetime. The KBJ bulls are fed a total mixed ration based on high quality cereal silage, coarsely rolled barley and a custom formulated bull supplement. 100% of the bull's minerals and vitamins are provided in the custom formulated supplement. Protein is balanced to optimize frame and growth. Once weaned, the bulls are gradually brought up on grain. Additionally, the cereal silage is chopped in a manner to provide adequate "scratch factor" in the rumen.

The bulls offered in the 2014 KBJ Round bull sale are high quality bulls raised by the Round family who continue to be deeply committed seedstock producers.

Barry Robinson, Ph.D.

GREAT NORTHERN LIVESTOCK CONSULTING LTD.
Westlock, AB

KBJ Round Bull Health Care

We at the Westlock Veterinary Center have been involved in the health care at KBJ Round Farms for many, many years. All bulls in the 2014 sale are on a complete vaccination program. This includes protection against diseases such as Blackleg, IBR, PI3, BVD, and BRSV. They have also all been treated in the late fall with a pour on endectocide to control external (lice) and internal (worms) parasites. As many vaccinations as possible are given subcutaneously to avoid damaging the muscles.

All the bulls in the sale over one year of age were semen evaluated and are deemed satisfactory breeders. If there are changes to that it will be announced from the block at the time of the sale. In order for a bull to be deemed a satisfactory breeder he must meet requirements in three categories. Spermatozoal motility, scrotal circumference and motility are all looked at thoroughly. During collection of the semen we also look at the penis and check for signs of abnormalities as well as palpate the internal reproductive organs. All scrotal measurements are recorded in the catalogue and yearling Angus have a breed minimum of 32cm. Feet and legs as well as other structural abnormalities are watched for.

The only components, which are not tested, are the libido or sex drive of the bulls. It is best especially with new yearling bulls that you watch them breed to make sure they can get the job done. Buy with confidence as the KBJ Round bulls have been thoroughly selected and good luck with this years breeding season.

BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

An Embryo calf out of WAF Zorzal & Young Dale Peg 77P. Both of these parents have impressed us over the years and we knew this mating would be a good one. These kinds of genetics do not come along too often, so we are keeping an interest in this bull this year as he would be an outcross to our herd.

Our newest herdsire in the Black Angus division from a great producer and cattleman Matt Fluery from Aberdeen, Sk. We purchased this herdsire for \$10,000 at their bull sale. He is a powerful, well footed, meat machine. This sire group will impress you with having an average of 85lb BW and 1240 lb YW. He will be a mainstay in the herd for sure. Check out the impressive Lots 5, 6 & 7.

KBJ Tiguan 217A is a bull we have admired from early in his life. Another calving ease bull with a BW of 79 lbs and WW of 767 lbs and YW of 1296 lbs, figures we all can use in our programs. The dam came from Brookmore Angus from the Atlanta Bull Sale as one of the top bred heifers offered that day. The Fleury Bardolene's are a great set of bulls with power built right in them while maintaining great feet and structurally correct.

Here is a very neat package put together by Lot 13. His dam is the infamous Geis Baloo 13'08, a Kodiak son that has done wonders at a lot of farms, including ours. His dam, KBJ Kinchtry Beauty 447S is one of our best cows at the farm. Anytime you see the Kinchtry Beauty cow line, you know you see a good one. We have sold 2 previous bulls out of 447S to great cattle herds in Moore Ranching and Stypula Farms. This Baloo bull is a calving ease bull with great data across the board.

NEW THIS YEAR!!!

Geis Baloo 13'08 was purchased at the Masterpiece Sale for \$27,000 for Half Interest that day and we were sure glad to obtain these genetics. He comes from one of our cows Brian & Kim Geis Bought, KBJ Queen 461L who sold in their dispersal sale for \$5500 to Fort Farms of Fort Assiniboine to enter into their embryo program. Baloo 13U himself sold for \$15,500 to Bar 4A Cattle Co., Hugh & Jo Atkins of La Glace, Ab. to be a mainstay in their herd. The Kodiak 5R influence does not need to be mentioned as we all know by know how well they do for their new owners.

A bull we purchased from Atlasta Angus, Brian & Judy Sutter from Sylvan Lake for his lineage and power. He averages 87 lbs on BW and 731 lbs on WW. His sire group has a lot of really powerful bulls throughout the offering. He did a great job for us again as you can see in the next 5 bulls.

KBJ Purchased 3 embryos from Johnson Livestock at the Masterpiece Sale in 2007. We sold Black Marlin 012W to one of our best customers, Jim Hansen of Tawatinaw. We kept an interest of Black Marlin as his dam, HF Evening Tinge 57R has done a lot in her career for Johnson Livestock. His sire, Carbon Copy 7664 has done wonders at Johnson Livestock over the past few years. Last year's Marlin calves were very well liked by our customers. He averaged 80 lb BW and 716 lb WW on his bull calf progeny. This is primarily a calving ease section but they do put the pounds on after.

Again a great set of bulls from the Poster Boy, KBJ Dynasty 330U at the 2009 World Angus Forum. He is out of one of our best females walking at the pastures at KBJ, Classy Lady 169S. He has done another great job for us, averaging 82 lbs on BW and 696 lbs on Weaning. This group is primarily a Calving Ease Set of Bulls. Check out lots 29 & 30.
