

Kuntz Farms Bull Sale

With Guests

Edwards Angus & JD Angus

March 8, 2014 - 1 PM
at the farm, Balgonie, SK

Videos online at
www.cattleinmotion.com

Withamson

Welcome...

Kuntz Farms was established in 1886. My great grandfather started the seed stock side of the farm with horses. As the years progressed the farm switched over to cattle seed stock and now myself being the fifth generation, am keeping the tradition going.

I would like to take this opportunity to welcome you to the 2nd Annual Kuntz Farms Bull Sale with guest consignors Edwards and JD Angus on March 8, 2014. In the past we have been selling bulls directly off the farm, through Moose Jaw and the Regina Bull Sale. We got great exposure at the RBS, where we met a lot of our valued customers. We were saddened to hear that Regina Bull Sale after 108 years, has folded before the 2014 season.

It is an exciting time in the cattle business, according to a senior analyst for "DTN The Progressive Farmer" the market as of January 15 has surpassed the highest point for feeder cattle prices and futures in the 5 year American history. According to the 5 year chart, prices should be dropping but instead they are sky rocketing. In Newsom's terms "Never step in front of a runaway train, let it run."

I am very happy with the offering of bulls and heifers. Dad and Mom built some strong cow families emphasizing sound feet and legs, thick, easy doing cattle and great udders. They were proud to hear that four exhibitors showed animals with the K F prefix at last seasons' shows. I am adding that extra style, power and excellent hair coat in the herd sires. The 2013 year ended up as a banner year winning the Reserve Senior Champion Female at Canadian Western Agribition and Premier Breeder at Manitoba Livestock Expo.

The bulls are on the Canadian Angus Performance Program with a large number of bulls having huge EPD's and the conformation to go with it. I have been told repeatedly that the yearling bulls come out of the breeding season losing very little or no weight. I am very pleased for those customers topping the fall market by hitting \$1000 and \$1100 for their calves. Your resulting success inspires me to keep improving.

I am inviting you to come to the sale on March 8 at the farm to enjoy a complimentary lunch, some refreshments and to tour the bulls and heifers. We are always available if you would like to tour the pens prior to the sale. The sale will be a video sale which was produced on February 4, 2014, so the bulls and heifers can be seen walking on a video at cattleinmotion.com under videos. The same videos will be used on sale day. A sight unseen purchase can be arranged with any of the contact people listed. I look forward to seeing you at the farm on March 8 and truly appreciate your interest in my program.

Clint Kuntz

Cell: 306.536.6838

Box 62, Balgonie, SK S0G 0E0 kuntzfarm@sasktel.net

WINTERING: Bulls can remain at the farm at no charge until May 1st but must be insured. After May 1st, the fee is \$2/day.

DELIVERY: Free delivery for animals over \$2500 to central locations and up to 200 km.

We will be offering a \$50 discount if you take your bull home within 5 days of the sale.

SIGHT UNSEEN PURCHASE PROGRAM: If you are unable to attend on sale day, we would be happy to discuss your program to help you select the most suitable bull for your herd. Satisfaction Guaranteed.

INSURANCE: will be available on location provided by Stockman's Insurance, agent Dave Jones 306-638-3063.

VOLUME DISCOUNT: 3 bulls - 3% discount 4 bulls - 4% discount 5 bulls or more - 5% discount

Please Note!

All bulls will be semen tested.

Updated information will be available sale day - Adj. 365 day weights & Scrotal measurements

OUR GUARANTEE: I stand behind my product 100%. If you experience any problems during the breeding season I want to hear from you.

I will be selling the bulls on sale day on VIDEO. They will be available for viewing in pens adjacent to the sale barn before and during the sale but will not physically enter the barn during the sale.

****Complimentary lunch at 11:30 partially
sponsored by Markusson New Holland****

Welcome to the 2014 Kuntz Farms & Guests Bull Sale

This year's pen of bulls are certainly exceptional headed up with 49A and 40A, 44A, 46A, etc... these being sons of Mystified & Staunch, whose progeny have surfaced to the top. Kuntz Farms have a terrific set of cows that Clint has assembled; keeping with the same great criteria that the Kuntz program established many years ago. The cow herd is excellent uddered, fleshy and full of performance... what a great base!

The heifers are lead off with one of the premium heifers to sell this year, 6A; a broody and balanced Red female.

To compliment the sale, this year's guests are Edwards Angus, Craik, SK and JD Angus, Southey, SK; both presenting sound, performance Black Angus bulls. At this second Annual Bull Sale at the farm; you can trust the quality of the offering to be second to none. You can grow to expect the high standard presented each year.

Do visit anyone before the sale but most importantly do visit early sale day so that you will be able to view the bulls in nice display pens that are close to the sale barn; it will be a video sale.

If you are near or far do not miss this 2nd Annual Bull Sale.

If you are unable to join us then please do contact one of the owners or sales staff for help in selecting your next herd bull.

See you sale day,
Rob Holowaychuk, OBI

Red SSS Staunch 64Y writes a pedigree packed with punch, with some of the top A.I sires in the industry:

Oly 554T, Oscar 204M and Grand Prix 6R. Staunch's high index and performance was the deal maker.

He was one of the top high priced bulls at SSS's sale but I was fortunate to snag 100% ownership. Staunch 64Y crossed with the genetics in my cow herd are producing bulls with substance, lots of hair, great feet and broody, powerful heifers. His progeny just keep getting better as they develop. With the offerings of both bulls and open heifers, you'll see what a great job he has done on his first set of calves.

We believe the saying "every good bull is only as good as his dam" and Red K F X-Ray 26X proves that.

X-Ray has eye appeal with exceptional depth of rib and loads of muscle that are traits of the Thelma family. The offspring of X-Ray 26X are born unassisted, are up and running. They are easy fleshing and wide topped, with a square hip, a good foot and loads of capacity. These X-Ray sons will work extremely well on all heifers and prove that they can throw that extra punch.

RED LAZY MC MISS WORLD 70N

If you believe that every good herd bull is backed by a good dam then read on. His dam Red Lazy MC Miss 1U is flawless in her phenotype being a moderate, deep, feminine sharp fronted cow. Miss 1U is a maternal sister to Red Lazy MC Kingman 16W who sold to Ter-Ron and Towaw for \$21,500. The sire of this dam is an outcross sire. The sire of Mystified 16X is none other than the legendary "Elite Sire" Red

Lazy MC Divide 8J. Mystified 16X has three of Lazy MC's great sires at the front of his pedigree - Lazy MC Divide, Lazy MC Gridiron and Lazy MC Smash. The Mystified sons have a correct, sound structure with an excellent foot under them. Mystified 16X was offered in last year's bull sale and sold to Goad Family Ranch, Clondonald, Alberta.

Red Ter-Ron Real Deal 01W was named the Canadian Red Angus show bull of the year for three straight years. He was named appropriately, shown by the way his calves are turning out. Real Deal 01W and Red K F Barney 53M dams have produced some great looking bulls. He is siring cattle that are easy fleshing, with lots of middle, hair, length of spine, thickness and style. The bone structure and foot under these yearling bulls are terrific. We were fortunate to get one of the first 10 packages of semen offered on this terrific sire. Our good fortune is your opportunity.

We all talk about the next herd sire to buy and everyone has different criteria that they are looking for. 49A is a bull that cannot be denied herd sire status in anyone's program. On the top side of his pedigree, Divide 8J with elite status and on the dam side, Clint Morash of Lazy MC said "is the strongest maternal genetics in his herd". Now – the bottom side of the pedigree – "elite" characteristics run deep. Take a look: Buf Crk Barney 3474, an elite sire, Red K F Thelma 9J, a premier/elite dam, in a heavy flush program with embryos going as far away as France and the \$10,500 Baroness 58R is a premier/elite dam and is now in a flush program for HR Hahn Cattle Co. Then there is 49A's dam 58U, who has the qualifications of becoming an elite dam in 2014. We sold two of her maternal ET brothers last year, one to Corona Creek for \$9600 and the other to Cactus Ridge for \$8200. The future for 49A is built to be superb for producing both male and females.

49A and his dam were the Reserve Senior Champion cow/calf pair at Canadian Western Agribition last fall. He is the youngest bull in the pen but is still keeping up with the older boys. His weaning and yearling EPD's are in the top 2 and 3 percent of the Red Angus breed. Take a look at 49A and consider his explosive genetic potential for your herd.

40A is just a March 20 bull and is already showing that he has the making of a great sire. 40A was a moderate birth weight calf from a big, broody cow out of the great Peggy family that we purchased from Stacy & Darren at the Hips Dispersal. 40A is an extremely stylish bull with smooth shoulders, length of spine and a wide top. He, like his sire Staunch, has a tremendous black foot, finishing off this complete package.

Kuntz Farms

7A is a stylish bull who catches your eye. He has a little more birth weight but was born unassisted out of a first calf heifer. With a yearling EPD of 102, he has tons of performance and good bone structure to boot. The maternal brother to Red K F Mia 40Y was Senior Champion at RBS '10 and sold for \$4400 to Mervyn Nakonechny, Cupar.

2013 High Seller - The Kemicks from Cactus Ridge with Jack.

43A is one of the youngest bulls in the group. He is a smooth shouldered bull from Staunch 64Y. He, like his sire, has great performance with a weaning EPD of 62. This will put more money in your pocket come fall market sales.

Kuntz Farms

44A has been one of the favorites in the pen with visitors. He has a wide top and a big hip. 44A had the highest index in the group at 121. His maternal brother was picked up at the 2011 Regina Bull Sale by the Sanson Bros. for \$4700.
