## OBI WELCOME 2018

I would like to welcome you to the 1st Annual Allandale Angus & Golden Sunset Bull Sale. This inaugural event showcases the progressive breeding programs of these 2 established Angus herds. They both buy Angus cattle from the top programs across the land enhancing their programs to the forefront.

**Allandale Angus.** Wayne Stetson has brought you 37 Angus Bulls, 24 Yearlings and 13 Two Year Olds. Wayne has an extensive A.I. program from leading sires across the land. These matings enable his customers to have choices for different sires. His walking bull U-2 Bullion 9C did him a great job raising him a very consistent group of bulls and sure does put a stamp on them. Wayne is also involved in marketing females throughout the years at the Northern Select Sale and has done very well there, his females are sought after; this shows the popularity of his breeding program; up to date and aggressive.

**Golden Sunset Ranch.** Kyle, Sarah and Isabella Martin have 29 Red Angus yearling bulls consisting of 3 Flush calves from Red Six Mile Signature and Red Crowfoot Blackbird mating that sure will be popular this spring. They also have bulls from their top walking herdsires and the set of bulls are very uniform with low BW bulls that good growth. The pens they are in are very large and the bulls get a lot of exercise to make them very durable and built for the long haul. Kyle also is an aggressive breeder and markets his females thru the Northern Select Sale the past 4 years and also does very well at that event with purebred breeders always asking about his females.

Wayne Stetson is hosting this event at his farm near Vermilion, Ab. In his heated sale facility and it is a video sale. Videos can be seen at [www.cattlevids.ca](http://www.cattlevids.ca). Wayne's bulls will be available for viewing anytime before the sale. Kyle's bulls can be viewed at his place and will make the trip to Wayne's place 2 days before the sale. The bulls will be displayed outside the sale facility for your viewing and current weight and scrotal measurements will also be available the day before the sale.

So please do attend this inaugural event, but if you can't contact myself, any of the sales staff, Wayne or Kyle directly and they can go through the catalog and the bulls and give you some direction for your needs.

### Welcome To Our First Annual Allandale & Golden Sunset Bull Sale!

Welcome to the First Annual Allandale and Golden Sunset Bull Sale. We at Allandale Angus are very excited to be hosting with the family of Sarah and Kyle Martin of Golden Sunset Ranch. The offering will have a good selection of red and black yearling bulls and two year old black bulls.

We are proud of our cow herd and the progeny they produce. To accomplish this, we AI almost all of our heifers and a good portion of our cow herd. We also purchase the best walking bulls we can find. Cows are mainly calved in January/February and bull calves weaned the first of September. Our cows are turned out to grass until the first part of December before being brought home to calve in January. All bulls are semen tested, vet inspected and 100% guaranteed. Please feel free to stop in any time before the sale to view the bulls.

We would like to thank Ernie Gibson and the family of Everblack Angus for allowing us to sell yearling bulls in their sale over the past years. Without their help and support we would not be at the stage we are today. Thanks Ernie!!

Please stick around after the sale for a steak fry and refreshments.

Look forward to seeing you sale day

*Wayne Stetson*

Allandale Charlo 43E is a very powerful individual that will have a lot of admirers this spring. A moderate BW and an AJD WW of 849 lbs with great set of EPD's to put your herd numbers even higher than what they are. Coleman Charlo 0256 is one of the hottest A.I. sires in North America. Out of a first calving SAV 9969 Rito 2242 female, Charlo 43E has all the characteristics of been a great herd bull. He is a thick butted, well footed, easy moving bull that commands attention every time out in the pens.
