It is with a great deal of enthusiasm we welcome you, our friends and valued customers, to

Only The Good Ones Sell...

It is with a great deal of pride & enthusiasm as we welcome you to the Early Sunset Ranch 37th Annual "Only The Good Ones Sell".

Last August we were delighted to be part of the Northwest Saskatchewan Angus Tour which was well attended. Many of you that attended had a chance to preview this year's sale offering and yes, they have come around the corner since August.

The bull division this year is perhaps the strongest set we have offered ever in both breeds. They have been managed in big areas to promote exercise and athleticism which equates to bulls that will perform. They have been developed on a high roughage TMR ration which means every bite is of the same consistency.

The female section of the offering is most pleasing. Heifers from the heart of the herd. I believe there are some breeding treasures to be had.

Please accept this as your personal invitation to be with us March 11 at the ranch. Do not hesitate to call regarding any questions or concerns you may have about the sale offering.

Jim & Peggy

JIM GRANT

Also we would like to welcome a familiar face and valued employee, Cory MacFarlane to the Early Sunset team. Cory (Charles) has vast knowledge of the program and will assist you if possible. He can be reached at (306) 441-7932.

OBI Welcome

OBI is once again pleased to be working with Jim & Peggy Grant from Early Sunset Ranch in their Annual Bull & Female Sale. A few different things have happened over the year, the NEW SALE DATE is March 11 this year, so please do mark your calendars. Also, a great believer in the Early Sunset Program left us last year, dad really enjoyed his time over the many years of service with the Grant family and always had such great words to say about the family and the cow herd. I would personally like to thank Jim for the great visits the past 4 months.

The Angus and Simmental bulls are all very unique in pedigree with Early Sunset continuing to use the best A.I. sires in the industry. The cow herd can be bred to many of bulls still producing top end progeny, says a lot about the herd.

The females selected for this year's sale come right off the top of the Early Sunset program and when visiting with Jim, they are just hard to part with. The opportunity to obtain top end genetics from a progressive breeder like Early Sunset is one that should not be taken lightly. Last year they had many females that have gone to amazing herds. Jim & Peggy have been promoting this progressive herd in the U.S. and many select sales this past fall who continued success.

We at OBI are very familiar with the Early Sunset program and if you need any assistance, please do not hesitate to call us, Jim, or any of the sales staff. See you at Edam, SK. on the 11th of March.

Mark Holowaychuk, OBI

Bull Development Program

Bulls are developed on high roughage ration in large acres to ensure their freedom is not compromised result in sound herd bulls. Our goal is to engineer bulls that are athletic, sound, and ready to work in any commercial environment.

Early Sunset Bull Guarantee

Early Sunset guarantees to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. Should your

Early Sunset bull fail to be a satisfactory breeder, he will be replaced with a bull of equal value, or a credit will be given towards the purchase of another Early Sunset bull. If you have a problem with our bull please notify us immediately.

Early Sunset \$2 Dollar/Day

From May 1 we will charge \$2 per/day for keeping your bull for a reasonable length of time. We will keep your bulls under good management and care, developing them as we do our own breeding stock. If your bull(s) are left in our care and management we require you insure them against death.

Early Sunset In Herd Use

Early Sunset Ranch reserves the right to draw semen for in-herd use on any bull in the sale; at the buyer's convenience and our expense.

BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

**NOTE: BULLS CAN BE WINTERED UNTIL MAY 1ST
AT NO CHARGE BUT ALL BULLS ARE TO BE INSURED**
