## Welcome Everyone To The First Annual Allandale & Golden Sunset Bull Sale!

Welcome everyone to the 1st Annual Allandale Angus & Golden Sunset Ranch Bull Sale. We would like to say thank you to Wayne for allowing us to work with him on this sale.

We also extend a Thank You to our past and future customers and friends for taking time and showing support in our program. We encourage everyone to stop by the farm to view the bulls and give us the opportunity to discuss your herd needs. We are very confident in our bulls on offer and believe we have bulls that will suit the specific needs of anyone looking for a new herd sire. Whether it be a calving ease bull, power cow bull or somewhere in between.

We would like to take this opportunity to tell you about our operation. We have been in the cattle business our whole life. Our family run farm mainly consists of a 600 head commercial cow/calf operation. In 2012, we took an opportunity to expand into the Red Angus world with a purchase of a small purebred herd. We have slowly increased our herd over the past few years with the focus on quality not quantity. We focus our selection of cattle on calving ease, good udders, strong footed, temperament, fertility and easy fleshing. Even with our new and exciting opportunities in the purebred world, we continue to expand our commercial operation. With the commercial cattleman in mind, our goals are to improve the breed by producing easy calving cattle; with the will to live, the ability to grow and the quality to sell.

If there is any bull that you are interested in and can't attend the sale, please let us or any of the sales staff know and we will be happy to assist you. We look forward to seeing you on March 15. Come early to view the bulls, stay for the sale and then have a home cooked meal and some hospitality.

*Kyle, Sarah & Isabelle Martin*

These flush mate brothers showcase a highly packed pedigree. Out of our great Red Crowfoot Blackbird 6125S cow which we purchased at the Red Round-Up from Diamond T Cattle Co. She is an exquisite brood matron with extreme capacity, a gorgeous front end, exceptional udder and a strong foot to mention a few. The sire of these calves is Six Mile Signature 295B; a bull that it is a rare combination of power and performance with remarkable phenotype and structure. His semen has been commanding \$600/Straw. These 3 flush calves are dark red, long and thick, with a tonne of eye appeal. Can use on Heifers or cows.
