RED CINDER LOIS 316E

CIND 316E JANUARY 13 2017 UNREG HEIFER
BW: 76LBS.

RED PIE BILLINGS 487
RED NBAR HAMLEY S913
RED NBAR KELLY 913
S: RED CRSL TATOO
RED NORTHLINE JESSE JAMES
RED CRSL CHAMPAGNE
RED 5L MARY 1263-1436

RED TINTS BANK STATEMENT T272
RED TR BANK HEIST 44Y
RED TR ROSE 222P
D: RED CINDER LOIS 216C
RED K-C MR "E" 92N
RED CINDER LOIS 216S
RED HIDDEN LOIS 219L

Red Cinder Lois 316E is a CRSL Tatoo heifer that is pretty neat. Lois is the only daughter of Tatoo that we had last year and would have love to have kept her. However, we felt it necessary to put a donation heifer in that would work in any number of herds. She is really soft made and complete in her make up. She will make a great project for a junior or become a great producer in someone's program. Lois is halter broke and ready to go!

1. The final bid in each round will denote the amount of that bidder's donation, eg.
Round 1 - Final Bid is \$300.00 to Randy Mitchell. Randy's donation is \$300.00.
Round 2 - Final bid is \$250.00 to Tom Jones. Tom's donation is \$250.00.
Round 3 - The female is re-auctioned on a downward scale until no further bids are received at the low of \$10.00
2. Each \$10 purchase (donated) represents one chance in the final draw. eg. Randy Mitchell has 30 chances. Tom Jones has 25 chances and so on down the scale to the final \$10.00 donation worth one chance each.
3. One ticket for every \$10.00 donated, bearing the contributor's name will be put into the draw barrel.
4. At the end of the sale, one ticket will be drawn, with the person winning the heifer.

OBT Welcome 2018

*It is once again with great pleasure to be working with the
2018 On Target Group to bring you there 2018 Bull Sale*

It is with my pleasure to invite you to the 18th Annual On Target Bull Sale. When dad and the consignors started this sale 18 years ago, the sale was targeted for the area to raise sound, function bulls from very good people. Dad had a lot of involvement in each of these herds buying top end herdbulls for them and marketing their herds to all. It has been a long winter but once everything slowed down, I knew dad would want me to proceed with these great people. I am very proud to be continuing to work with the On Target Sale Group to continue this tradition this year.

The 4 consignors; Dwajo Angus, Cinder Angus, Jones Land & Cattle & SIBL Simmentals have brought to you fresh new genetics as well as proven ones that enables you the customer to feel quite comfortable with making acquisitions from these farms. This year again the group has been on the show road to Farm Fair, Olds, & Camrose Bull Congress and many top end Select Sales this past fall and their cattle have been well accepted at all sales. They do market this sale and their own herd's very well and it shows in the interest they receive every year. The cattle business is going very strong and make sure you do have to a look at these bulls.

I am very familiar with all the herds involved in the On Target Sale and have been thru the bulls already, so if you need any assistance before or on sale day, please do not hesitate to call me, anyone of the consignors or sales staff. Shane Castle and Roger Peters will also be available sale day to service your needs. We will all be glad to assist you.

SEE YOU IN BARRHEAD, MARCH 13TH

Mark Holowaychuk, OBI (403) 896-4990

Roger Peters, OBI (403) 828-9815

BUYERS DRAW 2018

THIS YEAR'S BUYER'S DRAW IS FOR THE MAYFIELD INN
& DINNER THEATRE WITH HOTEL ACCOMMODATIONS.
COURTESY OF THE ON TARGET GROUP.

On Target Bull Guarantee

We guarantee to provide you with a sound, fertile bull capable of servicing cows. In the event that your bull is a non satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignor will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available sale day.

Note: Bulls can be wintered until April 15, 2018 at no charge but all bulls kept must be insured.

Welcome to the 18th Annual On Target Bull Sale. We are happy to continue working with this great group of friends and fellow cattle producers. In the Jones bull pen this year, you will see a small yet diverse offering of heifer & cow bulls. Have a look at the catalogue and videos and let us know if we can answer any questions. We think there is something for whatever your needs are.

As we were looking at the pedigrees of this year's bulls, we thought about the influence of Rob in the herd. Going way back to the early days of the Hayshaker sale when I first met him, Rob was always a go-to support when seeking advice and shopping around for new genetics. We appreciated his knowledge of all the herds he visited and trusted his opinions on purchases he made for us when we couldn't be there to bid for ourselves.

A big thank you to our friends and family who continue to support us, we really couldn't do this without your help. Thanks also to past & present bidders & customers, we appreciate the opportunity to provide good genetics for your program.

Hope to see you all sale day!

Mark, Alison & Riley

18B is a bull we bought from our good friends at JW Cattle Co, Wayne Branden & Jane Morrow. He was selected for his low birthweight and structurally sound dam. He has proven himself as a very consistent low birthweight calver. Both bulls and heifers have natural thickness and have been impressive from birth. We are looking forward to calving out his daughters.

A favourite in the bull pen, MJLC 64E is a thick, deep bull out of the Roseholm Eliminator bull. The Eliminators are wide topped and all have a good disposition and lots of hair. There are many 1/2 and 3/4 brothers all out of second calvers. 1 maternal sister is retained in herd. 64E traces back to our KG Wisdom 9520 herdsire that produced us some top end females at the farm. MJLC 64E is suitable for use on heifers.

JESSE EMERY

We would like to welcome you to the 18th Annual On Target Bull Sale. Again we are proud to be working with Cinder, JLC and SIBL, who will be offering you some top end genetics for you to assess.

For us at Dwajo Angus, we have reached a bit of a milestone having been in the Purebred business for 35 years this year. We have on offer some new genetics for our repeat customers and some old genetics for new owners. This year has been trying at times; too wet to seed and hay but the grass was good.

We attended the World Angus Forum as a family to celebrate Jesse's hard work of graduating University and now is bringing his wisdom to the cattle business at home.

We would like to thank all the people that have worked hard to get our bulls presented to you on sale day; Megan, Jordan, Joanne – clipping, Jesse & Rachel bull cleaning. We would also like to thank all the bidders and buyers from last year's sale; your confidence in our program is greatly appreciated. One of the persons who helped us along the way through the years was Rob Holowaychuk. We will miss his input and just plain tell us what to do and how to do it.

If you have any questions about any of the bulls please don't hesitate to ask.
DWAYNE, JOANNE & JESSE EMERY

We Bought Bankroll 3036 out of the Denver Angus Sale. He was the Reserve Champion 2-Year-Old Sale Bull Show. Bankroll has good feet, tons of hair and style which he passes on to his progeny. His dam, Silveiras Elba 4328 was in Bar R embryo program. Deep bodied, nice fronted and she has a perfect udder. On top of all of this his EPD numbers are in the Top 5% WW and Top 2% for YW. His progeny at Dwajo have averaged 84 lbs for BW & 804 lbs for WW on bulls. His sons last year were very well received and this year will be no exception.

A bull we obtained from Border Butte Angus at Coutts, Ab. For his outcross pedigree and his overall makeup and great disposition. His EPD's are all way above average with huge WW and YW numbers. His bull's calves have averaged 84 lbs at our place and are an easy doing set of bulls with a good foot under them and loads of hair. A new lineage for our repeat bull customers.

A bull we purchased from Cudlobe Angus and he has done a great job for us over the past few years. He is a calving ease bull with his progeny averaging 84 lbs for bull calves and a great set of EPD's to back it up. Ranking in the Top 1% for WW and Top 5% for YW, Top 2% for Marbling. Our Focus bulls have really been a front-end group as you can see throughout our offering.

"Argh" 67E lets out big bellow as he gets off the trailer; he knows who is large and in charge. Just like Conan The Barbarian; 67E is a powerful herdsire candidate just filled with young Arnold Schwarzenegger levels of muscle. Although he has this much thickness he still has a smooth front for a bull his size. He was the No# 2 for WW Index and the Top 1% WW Epd, meaning he grows fast and that Matilda 20Z does a great job. The dam is a Dutch/Gumbo Gulch Creed cross that has previously had 1 bull to Scott Rogerson, 1 female to Matlock Farms Ltd. From the Northern Select Sale and 1 female kept in herd. A very milky cow with great maternal instincts. Cudlobe Focus 6A, the sire of 67E is a thick, deep bull that has worked well at our place as you can see in his progeny. Despite being named Barbarian, 67E has an extremely quiet demeanor and is halter broke.

A homegrown ET bull that we decided to use to carry on the Zara 94K lineage, she was one of our best cows at the farm. His sire Really Windy 4097 is an outcross sire to most herds across the land. 60C averaged 84 lbs for his bulls and they are stamped with great feet, easy moving and overall complete bulls. A new lineage for out repeat buyers and some of our best black bulls to sell this year.

142X, his dam is a great producer; she has 3 females to purebred herds; Jacob Onyschuk, Emma Van Loon and Joe Schulz. Her bull calf last year sold to Marvin & Barb Branden. She has a perfect udder and feet. The Really Windy bull is a bull we kept for ourselves and he is out of one of our original cow families from 1983. When we showed Really Windy 60C for his one and only time, he was Reserve Intermediate Bull Calf Champion. 95E is smooth fronted with lots of volume and thickness and is halter broke. Should produce awesome females and he has a great disposition.

Another homegrown bull we decided to use because we wanted to reintroduce the Dwajo Gladiator 32L lineage back into our program. He was an exceptional bull that did so well for us and Soo Line Cattle Co. Sorcerer 3B carries so many of the traits of his father, calving ease bull with that superior herdbull look about him. These bulls selling today are primarily calving ease giants with a great foot under them. A new sire group for our customers again. 7 bulls on offer today.

Strong Bow 45E is a thick bull with a nice disposition and was Reserve Intermediate Champion Bull Calf at Farmfair. His maternal brother from last year was also Reserve Champion Intermediate as the same show. He is out of the Stronghold bull that we purchased from Silver Spur in Colorado. We bought him for his thickness, calving ease and maternal traits. Heifer Bull.

A nice stout guy with very sound feet and legs. A WW Index of 111; he will put some pounds on your calves. His dam is out of our Lucy cow family, which is one of our best producing families. 21T has produced a bull to Topham Red Angus as a high selling bull in the 2014 On Target Bull Sale and is now at Alta Genetics. She also has a daughter in Mexico. This bull will make good replacement females.
