Welcome

WOW what an exciting time to be in the beef industry. All of the producers that have kept going through thick and thin because they like and enjoy raising cattle and working 24/7 are finally getting a good return for their endless hours of commitment to the beef industry.

Welcome to the 35th Northern Progress Bull Sale. It seems like a lifetime has passed since the 1st Northern Progress Sale at North Battleford Heartland in 1991 and I guess that is because that is exactly what it has been. We have very many good memories of raising and selling the very best Red Angus bulls that we could produce at the time. We have always bred for calving ease and consistency with very good performance and muscling to follow. This year our bulls look as good or better than any we have ever raised. They have been fed in a responsible way to grow the frame of the bull first then put some finishing on them to show their full potential by sale time.

This year we have 30 aged bulls that can be counted on to breed more animals each in the bigger pastures or on exotic females as well as 35 yearling bulls that are very athletic and will breed very well in a little more limited role. These bulls will be semen checked and available for you to purchase on April 4, 2025 the first Friday in April.

As always we are willing to keep the bulls here at our farm after the sale and deliver them to their new homes when needed or when you are ready for them. We strongly recommend that bulls staying at our farm after the sale be Insured by the new owner.

Again the Northern Progress Bull sale will take place on our farm as a video auction and the bulls will be displayed in smaller groups on sale day. We encourage people that can not attend sale day to come look at the bulls anytime before the sale or phone to ask any questions so that we can honestly help you with your bull selection.

There are a lot of ways to purchase a red angus bull from our sale. We like people to attend the sale if possible to buy themselves and enjoy the day with us and have our beef on a bun lunch and a visit with hospitality. But if you can not attend you can watch the sale and bid online with DLMS . Or on the phone with our very good sales staff or ourselves or you can leave buying orders by talking to myself Robert and/or Jarrett or one of our sales staff. At RSL Red Angus we live by one rule "Treat other people as you would like to be treated under the same circumstances no exceptions!!"

All bulls will be semen checked and 100% guaranteed so you can buy with confidence and will be treated very well after the sale. If anything does happen we would like to be notified promptly so we can deal with it asap.

Thank you very much for taking time to look at our selection of Red Angus bulls . We really appreciate our Bull customers past, present and future!! There has never been a better time to invest in a good quality herd bull that will make your life better at calving time and give you more vigorous live calves to sell into this very good market at your sale time. **Any questions or to come take a look. Phone anytime. Robert at 306 441-5010 or Jarrett at 306 490-7818**

P.S. All the family is doing great and in good health. Grandchildren are vibrant and growing like weeds. (6 grand daughters - 4 grandsons) And make life very busy and interesting to say the least.

Hope to see you Sale Day!

A Word From The Auctioneer...

Welcome to this year's edition of the Northern Progress Red Angus Bull Sale. It is certainly my privilege to once again be part of the sales staff of this very successful annual bull sale event. For years Robert Laycock and family have been raising some of the industry's finest Red Angus genetics, providing superior bulls to the cattle industry's most progressive and leading cattle producers. This year's sale line up, is no different from previous years, including two-year-old, long yearling and yearling quality bulls emphasizing predictability, leading calving ease genetics with excellent performance.

The cattle market is at an all-time high and has never experienced these kinds of prices, it is nice to see the cow calf producer being rewarded for their investment and hard work. The calf prices and salvage value for cull cows and bulls has helped the bottom line for all cattle operations. Take advantage of these prices by increasing your female inventory. The best way you can achieve this is by breeding more heifers. RSL Red Angus can provide you with the right kind of bulls that will guarantee you a trouble-free bred heifer calving season.

Robert Laycock is a very trustworthy and respected cattleman. His cattle breeding knowledge is of the highest standard, selecting only the best genetics. Robert's feeding experience allows the bulls to be fed a well-balanced ration that grows the bulls out at an acceptable pace, promoting longevity. Buy your next Red Angus Herd bull from RSL Red Angus, these genetics will guarantee you Success and increased Profit. See you at the Sale.

Mike Fleury, Auctioneer

WE APPRECIATE OUR VALUED CUSTOMERS, PAST PRESENT AND FUTURE

We would like to work with them to make sure that their purchasing of a new herd sire is an easy and good experience. If it is calving ease, docility, muscling or great performance with strong maternal value, you can find it here in the RSL bull pen!

100% Satisfaction guaranteed!

A Word From OBI Livestock...

It is indeed a pleasure to welcome you to the 35 th Annual Northern Progress Bull Sale. Robert Laycock and family are happy to offer you an outstanding set of Red Angus Bulls, both yearlings fall born long yearlings and 2-year-old bulls. Bulls that have been grown responsibly, not force fed but fed to express their ability to convert a high roughage TMR ration into pounds of red meat. The fall born yearlings and 2-year bulls were held over specifically to compliment the yearling bulls on offer. They will cover more cows and work great in larger pastures.

There are definitely some Purebred Herd Sire prospects in the offering this year. Robert focuses on calving ease but looking through the pens, you will see that the bulls might be calving ease but still carry the style, thickness and size to compete in all categories. RSL has a long-standing philosophy in mind when selecting herd sires to compliment his cow herd. Low birth weights but not sacrificing quality. Bulls from this program have worked well in a lot of breeding operation's, both Purebred and commercial.

If you are in the market for a calving ease bull, I would highly recommend you take the time to look over the offering. We encourage you to come to the farm in advance to view the bulls. If you have any questions, Mark and I or the rest of the sales team would be happy to assist you as we have been through the offering several times and are familiar with the RSL program. If you need help with your purchases, please give us a call sale day. We look forward to seeing you at the sale on Friday April 4 th at the farm south of Battleford.

Sincerely,
Roger Peters, OBI Livestock

Yearling Bulls | Lot 1-35

The bull calves and their mothers were grazed on seeded cover crops which turned out very well this year. They were weaned on October 6th and fed cover crop silage and chopped hay and straw along with grass hay bales free choice. The Bulls are fed one to one and a quarter percent of weight Beefmaster crumbles which is about 14% protien.

 RED FRITZ CANCUN 1021
RED RSL NELLIE 753A
 RED SSS NELLIE 52Y

400M is a special ultra-low birth weight bull that definitely has herdsire potential in either a purebred or commercial herd. With a birthweight of 68 lbs and a very good Oct 6th weight of 806 lbs is truly amazing. He is very quiet with excellent dark red hair and a wide top and muscling that is very impressive. His mother is a very good producing cow that has raised sons selling to Jeff Kushner for \$8250 in 2017 as well as Jerry Snyder (2018) and Walter Weibe (2019). Her daughters have sold to Kirk McDonald (2016), Kelly Culter (2021 & 2023) and Harvey Vereshine (2022). We have also retained two very productive daughters in our herd. Recommend for any heifers with enough performance for cows as well.

JCC 24M is a smooth dark red bull that would work on heifers; good dark feet and smooth top line.

LOT 35

Two Year Old Bulls | Lot 36-57

The two year old bulls in our program are picked for twos as calves and pastured separately and weaned later, then back grounded on polycrop silage and chopped hay along with grass hay bales. Then they go to grass from June to October 1st and come home to be fed similar to the yearlings. These bulls may not be the biggest red angus 2 year olds but the quality is as good as any and they are fed to last a long time. The majority of these aged bulls have been kept for their calving ease and their ability to breed more heifers or cows and still hold their condition and breeding ability to become excellent herd bulls for many years.

RSL 155L is a very deep bodied, muscular bull that is very smooth fronted. Recommended for heifers or cows.

Long Yearling Bulls | Lot 58-65

At RSL Red Angus we have had a fall calving program for over 30 years. We bought in heifers born in the fall from Corniers in St. Micheal, Alberta. These fall born bulls are older and more mature bulls that can breed more females than the yearlings and retain their condition throughout breeding season. All the Fall bulls are off of Golden Sunset SQ 80F and are super calving ease and quite similar. So buy with confidence. The Fall bulls are August-September born and spend the winter on their mothers and are weaned in April. They go to grass and are fed for the winter with the Two year olds. A person can't compare weaning weights with other program because these bulls are on their mothers over the winter with no grass or creep.

LOT 65

TERMS AND CONDITIONS

BIDDING: Each animal will be sold to the highest bidder whenever there are two or more bids.

BIDDING DISPUTES: The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS: The terms of the sale are cash. The right property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be fed, watered, and cared for at the purchaser's risk for a reasonable time.

DELIVERY AT COST: Or haul your own and save delivery costs (See inside front cover for details).

INSURANCE: An insurance representative of a major livestock insurance company will be present to care for insuring cattle.

CERTIFICATE OF REGISTRY: A certificate of registry and transfer will be furnished for

each animal sold as a registered animal, after settlement has been made.

HEALTH: All cattle will be in excellent health.

ANNOUNCEMENTS: Changes of information contained in the catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue.

BREEDER'S GUARANTEE: All animals sold are guaranteed breeders by the owner. Any animal that has not proven itself a breeder within six months after the date of sale, if in healthy condition, may be returned to the seller at the buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller at his option may either return the purchase price to the buyer or replace the animal with another of equal quality in full settlement of ALL claims. Yearling bulls shall be guaranteed breeders for no more than twenty-five females. All complaints regarding

breeding difficulties must be reported in writing by the buyer to the seller within the specified time above, and any animal returned must be free from disease and in good health. All bulls will be scrotal measured and semen tested prior to sale and sell as guaranteed breeders. Scrotal measurements will be available sale day.

IDENTIFICATION: Each purebred animal carries a readable tattoo.

LIABILITY: Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks nor anyone connected with the sale assumes any responsibility, legal or otherwise, for damage of any kind.

CONTRACT: The above terms and conditions shall contribute a contract between the buyer and seller of each animal sold.

SEMEN: *Consignors reserve the right to collect semen on sale bulls for in-herd use only*
