OBI WELCOME

I welcome you to the Topham Red Angus Bull Sale at the ranch near Eastend, Sk.

The Topham family develop top end bulls in this progressive operation. The walking bulls they use are good footed, dark red with some capacity and size. The cowherd is where the foundation of the program is, a tremendous set of females with exceptional udders and foot quality. This is an operation that is a must see for all.

The yearling bulls on offer sure do have some to consider for the purebred operations. Dark red bulls with that foot quality we are all looking for and out of very good mother cows. The foot quality of these is second to none as you will see when you come to visit the farm. The cows back up these bulls with great udders, docility, and foot quality. We all are searching for these traits, so I do recommend a serious look at these bulls. This is Topham Red Angus best set of yearling bulls to date. The drive is worth it for sure.

If you need any assistance, please do not hesitate to call any of the sales staff, Ian or myself to discuss the offering.

Mark Holowaychuk
OBI Livestock Ltd.

TOPHAM RED ANGUS

Topham Red Angus Welcome

We would like to welcome everyone to our 3rd annual Red Angus Bull Sale. We have been as busy as ever running with kids for hockey and volleyball this winter. With the kids home last week, we were able to picture our bulls for the catalogue. It was a cold one, unfortunately, you'll see some steam coming off some of the bulls in the photos, but we did the best we could in -20's weather. A special thanks goes out to all the bidders and buyers over the last 31 years, in supporting our Red Angus program. We are excited about the pen of bulls we have on offer this year. This group of yearling bulls is strong with a lot of style and performance. The two-year-olds are not left over, they are the bulls that were born after March 15th. In our cattle program we cull very hard on feet and udders. These bulls would not be on offer here today if they were not good enough to be used in our own cattle herds. Our bulls are not over fed, and they should be ready to go to work in any kind of environment. All the bulls will be on site for viewing and will sell via video sale. As always, we stand behind our bulls 100%, please reach out to us if you have a problem or any inquiries. Stop by for a tour of our herd anytime before sale day and give us a call if you are unable to make it to the sale but wanting to make a purchase. We look forward to seeing you on March 26th!

Heifer bull. This bull has a good hip on him, out of a first time calver. The dam goes back to the pick of herd cow, 552C that Michael Wheeler bought at Red Roundup. Red W Sunrise Tycoon is a dark red, heifer bull who was out of a first time calver. He adds mass, muscle and power to his calves while still maintaining good calving ease.
