# Welcome to the 22nd Annual Git R' Done Bull & Female Sale

We welcome you to our 22nd Annual Git R' Done Bull & Female sale. Year after year we continue to feel the excitement and pride of preparing and planning for the sale! Join us for lunch prior to the sale provided by Connie Weibe of Country Hills Catering. If you are unable to join us sale day, stop by Monday night, the sale cattle will be penned for easy viewing and enjoy steak supper!

In our 2025 sale, we offer you quality bulls that are made to fit your herd! In our two-year old pen, you will find a large selection of calving ease bulls. The two-year olds are sired by AI sires, Baldrige Movin On, HA Value Added and Baldrige Herdsman. As well as our walking bulls; Everblack ROI 285H, Riverside Active Duty 159H and Valley Blossom Blaster 758J.

We are pleased to offer our yearling bull pen. It is very consistent across the board. The pen of bulls have more than just calving ease, you'll find massive growth numbers and phenotypes to impress! The extreme calving ease comes from AI sires similar to the two year old pen adding sires HA Outside, Valley Blossom Ambush 721F and Walkerbrea Warrior 116Z.

We offer 9 Open Heifers from the top of our replacement pen. These females are feminine, long, deep bodied and have a wicked hair coat! They will add the quality maternal genetics to any herd.

We are excited to continue to work with Sarah Hassen for her expertise videoing and picturing the sale cattle and our sale day internet rep. If you are unable to attend the sale be sure to join for online bidding through DLMS, if you have any questions, please contact Sarah for online bidding. **CHECK OUT THE QR CODE FOUND ON PAGE 2 FOR VIEWING THE SALE VIDEOS.**

Follow us on Facebook and Instagram or check out our website [www.windywillows.ca](http://www.windywillows.ca) and the catalog for sale videos. The bulls are available for viewing anytime at the ranch, we look forward to visiting with you!

We value our customers and friendships so rest assure that we are committed to your success before, during and after the sale.

*Michelle & Hillary*

# SOME THINGS YOU SHOULD KNOW...

- 1. INFORMATION:** We strive to provide you with useful information to help you with bull selection. In addition to the data in this catalog, current weights and scrotal measurements will be available sale day.
- 2. COWHERD:** Our cows are not pampered! They graze on swaths and native grass through the winter until calving starts at the end of January.
- 3. EPDs:** We believe that EPDs are a useful tool to help evaluate certain traits in our cattle, BUT.... Quality cattle are more important than the numbers used to describe them.
- 4. HERD HEALTH:** The Windy Willows herd is on a herd health program with the South West Animal Centre, Swift Current, SK. All Calves are Vaccinated with Nasalgen at birth and with MLV vaccine and with Clostridial vaccine in June and again at weaning. All pregnant females are vaccinated annually with MLV for IBR, P13, BVD and BRSV.
- 5. DISPOSITION:** We continue to get compliments about the disposition of our bulls from everyone who works with them. We are a family operation and disposition as important to us as it is to you.
- 6. GUARENTEE:** Our goal is to provide you with quality bulls capable of getting your cows pregnant. If anything happens to the bull you purchase let us know right away! Our responsibility does not end after the sale.
- 7. TERMS:** This sale will be conducted under the Terms & Conditions set forth by the CAA.
- 8. CUSTOMER SERVICE:** We offer free delivery within 200 miles or \$100 off if you pick up your bull on sale day. If you have any questions, or concerns after the sale... Call us first, we want to help!

## CALVING EASE & CALVING EASE ELITE BULLS

The bulls have been rated for calving ease ability based on the BW EPDs and what we know about the bulls themselves and their dams.

- CALVING EASE ELITE** - recommended for heifers
- CALVING EASE** - below average for birth weight, recommended for cows or heifers
- NO CALVING EASE RANK** - recommended for cows

## BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consigners will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

**15% OF A LOT MEANS A LOT**

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association. Donations are tax deductible.

*We are proud to support the*  
**Canadian Angus Foundation Future 15 Program**

With **YOUR** help we will continue to further our mission and the breed.

|   |   |  |

## WELCOME TO THE 22ND ANNUAL WINDY WILLOWS BULL & FEMALE SALE

Again, I am very, very proud to be able to continue to assist Michelle & Hillary in presenting their 22nd Annual Bull & Female Sale. The Two-year-old pen this year are very athletic bulls with good feet and fed to perfection to cover many females for you. You will be impressed with the consistency of the bull pen. The yearling bulls this year have a various group with calving ease and power bulls throughout with the mindset of longevity built in mind. The open heifers were hand selected by the ladies and me. You can count on these females to improve your program as they have in the past.

Michelle and Hillary continue to work hard and run the operation. We do visit a lot of the present and the future but not forgetting the past and what the Windy Willows name stands for. I am very proud of these ladies and what issues they must deal with and the positivity they have in life and the running the farm.

If you need any assistance in your selections, please contact Roger or me or any of the sales staff or even better give Michelle or Hillary a call to discuss your needs. See you at the farm.

*Mark Holowaychuk, OBI Livestock Ltd.*

# BLACK ANGUS 2 YEAR OLD BULLS

We are thrilled with the set of 16 two-year-olds we have on offer this year! The two of us, alongside our sale management team evaluate all the bulls as yearlings and make the difficult selections on which bulls go to which pens. We feed these bulls just right, they are not pushed. They were on grass from June until October near the yard and then brought in and gradually fed a TMR of silage, chopped hay, rolled barley and pellets. Foot quality and soundness of our bulls is one of the most important aspects to us and when keeping our customers in mind. The bulls are given a large pen for lots of exercise and allow them to develop properly to ensure you get a sound, functional bull that will last you a long time. Check out the HA Value Added bulls for calving ease and Valley Blossom Blaster sons for growth and power! Stop by the ranch prior to the sale for a tour through the bulls and a visit!

WW 3M is a great calving ease bull with exceptional growth numbers. He is out of a Movin On son, Windy Willows Movin On 5K, that was sold to Rodney Marchessault in our 2023 sale as a decision-deferred yearling bull. We used 5K on a handful of our cows until he passed semen test. 3M is bold through his middle and has a strong top, give this guy a second look!

WINDY WILLOWS HERDSMAN 54M - LOT 30

LOT 30 - DAM WW 164F

He's herd bull material!!! The last Baldrige Herdsman son that checks all the boxes in his phenotype; big boned, big footed, deep, thick and long. WW 54M continues to impress with an explosive EPD spread, he'll add pounds to your calf crop!

WINDY WILLOWS AMBUSH 64M - LOT 31
